We don't say that we have the best fence that ever came to this town. We leave that for our customers to say. We do say that we have the American and Ellwood Fence, and we think that they need no introduction here. They speak for themselves. Berryville Milling Co.

**Insurgents Have Accomplished Little.**

The insurgent Republicans are helping to weaken the hand of the stand patters and Cannonites, and in that way are helping to strengthen the Democratic outlook, but little confidence can be placed in premises of the insurgents as to what they will do if elected.

They had a brilliant opportunity last Spring, and made a complete mess of one of the grandest chances which has ever been offered to the history of our Nation.

For the facts are these: After a bitter fight last March the insurgents, by a coalition with the Democrats in the House, secured a change in the Committee on Rules; but when the bluster of the fighting was over they discovered that all they had accomplished was to change the total membership of the committee from five to ten, and instead of a majority of three Cannon Republicans on the committee to two Democrats they had six Cannon Republicans on the committee against four Democrats.

Not an insurgent was given a place on the committee. The Speaker was taken from the committee, it is true, but in his place went such an overwhelming majority of his most intimate lieutenants that the triumph was but a hollow mockery for the insurgents.

As a matter of fact, when the insurgents were in a position to accomplish real results they turned tail and fled. When they had voted the change in the Rules Committee membership and the motion to declare Speaker Cannon's place vacant was up for action they ran from their responsibility like so many frightened sheep, and when they had scurried to cover they found that the control of the House had not been changed at all.

They had talked volumes of language about the czarism of the Speaker, but when it came to action they went the way of all noisy orators. And that was all.

At the end of the session another change was made in the House rules curtailing the power of committees, and the insurgents claim credit for this. As a matter of fact, only one vote was cast against this amendment, and the thing was done by the almost unanimous vote of regular Republicans, insurgents, and Democrats alike.

As Senator Bristow says, the insurgents may have a "great work to do," but they have not done any of it in the House of Representatives yet. They got ready to do it, that is true, but then they quit. They got in position to do it, and then flinched from the issue.

**Odd Political Rumors.**

Frankly we confess to some suspicion of the promised investigation of the primary election in the Second Congressional district. The spirit and the manner which marked the action of the State committee are not reassuring. We do not like the talk of the possibility of declaring neither Maynard or Young elected and the naming of a third man. We like yet less the stories coming into the newspapers that the investigation committee notwithstanding the \$1,000 required for its work, has no power to send for persons or papers.

It seems to us the matter should be very simple. The boxes containing the ballots are supposed to be locked and in safe keeping. The first thing to be done is to open the boxes and count the ballots and see whether each man has the number of valid votes reported for him. Then, if Mr. Maynard or Mr. Young has evidence to show that persons were permitted to vote who had no right to vote or that persons who had a right to vote were excluded, that evidence can be presented. So far as what was done two years ago, or four, or six, or twenty years ago, the committee has nothing to do with it. Its concern is with this last election.

It may as well be understood now that the people of the State are watching this investigation with very jealous eyes and are demanding that it shall be directed to the one purpose of ascertaining and reporting whether Maynard or Young was nominated for Congress in the Democratic primary of this year.—Roanoke Times.

**Dropsy—**  
**Given up by Doctor**

"I had dropsy, and was told by my family physician that there was no chance for me. My family also gave me up. My limbs and body were swollen one-third larger than natural, water collected around my heart and I had to be propped up in bed to keep from smothering. I took Dr. Miles' Heart Remedy until I was entirely cured. This was in 1902, and I am now able to do any kind of work on my farm. My cure was certainly marvelous."

L. TURLEY CURD, Wilmore, Ky.

Dr. Miles' Heart Remedy has been wonderfully successful in relieving heart trouble. Its tonic effect upon the heart nerves and muscles is a great factor in assisting nature to overcome heart weakness.

Dr. Miles' Heart Remedy is sold by all druggists. If the first bottle does not benefit, your druggist will return your money.

**What Good Fertilizer Will Do**

The following letter was received from Mr. Robert H. Brannock, of Dorchester County, Md.

**LISTER'S AGRICULTURAL CHEMICAL WORKS, BALTIMORE, MD.**

Dear Sirs:

During the fall of 1909, I used your fertilizer, purchased through your agents at Cambridge, Md. (Messrs. Woolford & Skinner), on my wheat, applying 300 lbs. per acre. From six acres seeding I threshed 285 bushels, an average of 47 1/2 bushels per acre, being double the amount this land has ever produced.

I have used your fertilizer for the past four years, and it has always given me perfect satisfaction, and it gives me great pleasure to recommend it to anyone wanting a good, reliable article, put up in good shape, and always in good drilling condition, and a permanent land improver.

Yours truly,  
 ROBERT H. BRANNOCK.

Try the old reliable Lister brands yourself. They have been on the market over sixty years, and are winning new friends each season. Our constant aim is to give our customers the best plant food known; we want them to be satisfied with our goods, and to get good returns from their use, and such letters as this one of Mr. Brannock's, and the fact that our sales are increasing each year, indicate that we are succeeding in our endeavor to please our customers.

Hoping to number you among the friends of the Lister brands of fertilizer, we remain,

Yours truly,
